Catering

We offer catering from 10 people and up. If you have a baby shower, office meeting, client gathering, party, or other celebration please let us know your requirements and we can arrange hot or cold catering. We have an extensive platter menu along with canapé style function catering for an event at the restaurant and we cater for intolerances and allergies. Come and have a chat today.

Gleneagle Gables

We are proud to be in partnership with Gleneagle Gable Wedding & Function Centre – available for weddings, conferences, conventions, meetings, formals, 21st, all celebrations. Large air conditioned room, fully licensed for 150 people and includes a dance floor, a bar area and ample wheelchair access.

Thom & Ann's on the Road

Thom and Ann's On the Road has 3 different set ups to cater for all situations.

"Missie" features a 2 group coffee machine with Honda generator and water tank making it fully self-sufficient. It also fits into a single car park space ideal for markets or car parks where space is limited. We carry quality coffee; Queensland made flavour syrups and a variety of milks such as Almond, Soy, Lactose Free, along with Full Cream and Skim.

"Little Sis" has a 2 group coffee machine as well as a 3 flavour slushy machine. The coffee machine is at the back of the trailer allowing for easy customer access and the side open up. The slushy mix that we use is fruit juice based so ideal

or school functions and fetes. We run Raspberry, Passionfruit and Blueberry with the ability to create rainbow slushy's which are very attractive to children whilst being a healthier alternative. This trailer carries all required water and has a Honda Generator. If detached from the vehicle it can fit into one car space, level ground is preferred.

"Big Bro" is the largest of our fleet, it features a mobile kitchen on wheels which can cater for markets or fetes with our sliders, salads and hot chips. The standard menu includes gluten free, vegetarian and vegan options. As well as this we can create a customised menu for functions and events such as weddings, corporate events private catering etc. It has a generator as well as can be run on mains power. Being 7 metres long with the drawbar it takes up 3 car spaces and needs to operate on level ground.
